

WHAT MATTERS TO US

Footsteps is a caring organisation that believes . . .

- No child or young person shall be denied access to our service on the basis of affordability, background or belief;
- Trust, respect and confidentiality are fundamental to our service;
- The health, safety and wellbeing of all service users, staff and volunteers is of paramount importance;
- Diversity and positive qualities in staff and volunteers will be valued and encouraged.

HOW YOU CAN HELP

Our service is available to bereaved families totally free of charge, thereby ensuring accessibility to all.

We rely heavily on support from the local community.

Please get in touch if you would like to make a donation, if you are interested in fundraising or if you are interested in becoming a Footsteps Volunteer.

Footsteps

**Support for bereaved children,
young people and their families in
Worcestershire**

Our mission is to help children and young people through the grieving process in a safe, supportive and educational environment

WHAT WE DO

We provide a **free** support programme for bereaved children, young people and their families in Worcestershire. In addition, we offer advice to parents, carers and professionals. We also inform and raise awareness in the community.

ABOUT US

Footsteps has been founded in recognition of the needs of younger members of our community who have been affected by a bereavement at some stage in their life.

We support young people aged 5 to 21 years.

HOW WE WORK

Initially, our Practitioners may visit parents/guardians in their own home, to discuss both their needs and those of their children.

We discuss openly and frankly with individuals the issues that can be addressed by our support programme. The help we offer may include one to one support and structured workshops.

SERVICES

We can provide :

- **Free** support for individual members of each family;
- **Free** support and guidance in schools;
- **Free** telephone support and information;
- **Free** help in accessing other sources of support, if appropriate;
- Training for people who work with children.

REFERRALS

Bereaved families are welcome to contact us. We also invite referrals from professionals (with verbal authority from the parent/guardian).

Please feel free to ring us if you have any questions you would like to talk through with us.
